(e.g. Internet, word processing software, Reader's Guide, biographical dictionaries, atlases, etc.) by explaining the characteristics of the tools. Staff should be able to recognize the difference between a simple information question and an extended bibliographic search or research assignment. Students are given quick factual information by telephone when it is readily available, but they must expect to use the library in person for most assignments. Only 3 brief questions are answered by telephone. (When students are present at the library, staff explains the use of bibliographical aids, catalog, reference tools, etc., rather than executing the assignment itself.)
- Requests for patron to be called to the telephone- Patrons in the library are not to be paged. In case of emergency, staff will try to locate the patron.

PATRON BEHAVIOR

The Satsuma Public Library Board of Trustees has established certain standards of acceptable behavior on library property in order to maintain an atmosphere that promotes the use and enjoyment of the resources and services of the library, promotes the safety of the general public and the library staff, and protects the building, computers, furniture, equipment, and materials of the library.

Any activity that interferes with the rights of other patrons to use the library, disrupts the normal function of the library, could result in physical, emotional, or mental injury to oneself or others, or could result in damage to the facility, equipment, or materials is considered disruptive and unacceptable behavior. Some behaviors which are prohibited include:

- Destruction of property (either that of patrons, staff, or the library)
- Physical abuse (such as an altercation between two patrons or physically abusive behavior directed at a staff member)
- Threatening or bullying staff or others; brandishing or displaying weapons
- Sustained loud conversation, or noise, that rises above the ambient noise in the library
- Theft
- Obscene language and verbal abuse, exhibitionist, lewdness
- Consuming liquor or using illegal drugs on library premises
- Intoxication
- Soliciting for immoral purposes or for patronage (panhandling)
- Smoking or vaping
- Refusal to comply with library policy after requested by a staff member
- Bringing pets or animals, other than service animals necessary for disabilities, into the library, except as authorized by the Director
- Neglecting to provide proper supervision of children

The library reserves the right to require anyone who engages in disruptive behavior to leave the premises, the right to restrict privileges for a specified period of time, and the right to ban the individual from the library for a specified period of time or permanently. In most cases, a staff member will notify the individual that he or she is in violation of the standards of conduct and will provide one verbal warning. Unlawful activities will be reported immediately to the police.

Recognizing that each situation is unique, common sense and courtesy should guide library staff response to any encounters. In situations where library staff members feel that the health, safety or security of library users or staff members are threatened, they may take any and all appropriate action including, but not limited to, calling the police for assistance. In the event that the library's standards of acceptable behavior are violated, an "Incident Report Form" must be completed to fully document the incident. This report is vital to document what happened and get the names of witnesses in case further need to bar the person from the library or take legal action.

The library building and grounds are under video surveillance. All bags and other articles are subject to inspection by library staff or other authorized personnel. The library reserves the right to limit the size and number of items brought into the library.

BANNING AND APPEALS

The library director may ban persons for serious offenses. A banned patron may not return to the library without the Library Director's permission. If they return to the library without permission the police will be contacted to remove them from the building.

When a person is banned, they will receive a letter from the Library Director outlining the library policy on disruptive behavior and the offense or offenses which caused the library to take action. It is up to the banned person to contact the Library Director by phone, mail, or email to set up a meeting to discuss the situation and the length of the ban, which may be on week or longer, at the discretion of the Library Director. At the meeting, banned persons under the age of 19 must be accompanied by a parent or legal guardian. After the meeting, the banned person must leave Library premises until he or she receives a letter stating the library's position.

The determination of the Library Director in a case of a banning may be appealed to the Satsuma Public Library Board of Trustees in writing. Written appeals must be filed within 10 days of the Library Director's final determination. Such appeals will be filed with both the Library Director and Library Board Chairman. The Board will hold a hearing at the next scheduled Board of Trustees meeting. The appellant will be notified before the hearing. Failure to appear on the assigned day of the hearing without prior notification to the Board will result in denial of the appeal.

Program Policy

The Satsuma Public Library provides programs to serve the Library's mission and to expand the visibility of the Library in the community.

Ultimate responsibility for the planning and implementation of programs rests with the Library Director, who administers under the authority of the Library Board of Trustees. The Library Director, in turn, delegates the authority for program management to appropriate departmental staff.

The library uses the following criteria to make decisions about program topics, speakers and resources:

- Community needs and interests
- Budget and cost of the program
- Space requirements
- Connection to other community programs, exhibitions or events
- Relation to library collections, resources, and programs

In addition, the library actively partners with other community agencies, organizations, or individuals to develop and present co-sponsored public programs. Professional performers and presenters that reflect specialized or unique expertise may be hired for library programs.

The Library strives to provide the vast majority of its programming free of charge. However, a fee may be charged to recover the cost of a presenter, materials, or supplies, when it would otherwise not be feasible to offer the program.

Registration may be required for planning purposes or when space is limited. Programs may be held on site or off site.

External organizations or individuals partnering with the library on programs must coordinate marketing efforts with the Library Director or other appropriate library staff. The library welcomes feedback from patrons concerning programming. If a patron questions a library program, he/she should first address the concern with a library staff member. Patrons who wish to continue their request for review of programs may submit a Request for Reconsideration form. Requests for review of programs will be considered in the same manner as requests for reconsideration of library materials as outlined in the Library's Policy Manual.

UNATTENDED CHILDREN

- The library encourages children of all ages to visit the library with their parents to take advantage of the resources available for them to meet their informational, recreational, and educational needs. It is the responsibility of parents to insure the appropriate behavior of their children in the library.
- Library staff are not responsible for the supervision of children left unattended by their parents. Disruptive children will be required to leave after receiving one warning. Library staff may notify the appropriate authorities if they have reason to suspect that there is significant evidence of abuse or neglect.
- Under no circumstances will library staff transport or take a child away from the library building.
- No children under the age of 6 are permitted in the computer lab. An adult must accompany all children under the age of 8 at all times (including the children's room).

- Gifts will be handled while in the collection in exactly the same way as materials purchased with public funds.

(In the case of brochures or pamphlets for handout, one of the pieces is deposited in nearby location with the date shown at the bottom for reference as to when the material was accepted for display.) Announcements of a series of events, scheduled over several months, are accepted and posted, dependent on space. This is also the rule for bookmarks and flyers promoting non-profit organizations. No one organization shall be allowed to monopolize available display space.

We are unable to accommodate court ordered community service.

Collection Development Policy

COLLECTION DEVELOPMENT RESPONSIBILITY

Ultimate responsibility for collection development rests with the Library Director who administers under the authority of the Board of Trustees. The Library Director, in turn, may delegate the authority for selection to the Cataloger who oversees this responsibility and works closely with the Library Director and circulation staff to purchase library materials.

SELECTION CRITERIA

The public library is the institution in our society that attempts to provide a diversity of viewpoints on a wide range of topics of interest including political, social, and religious. Selection of books or other library materials shall be made on the basis of their value of interest, information, and enlightenment of all people of the community. No book or library material shall be excluded because of the race, nationality, religion, sexuality, or social views of the author. A balanced collection reflects a diversity of materials, not an equality of numbers. Materials are chosen representing different points of view, limited only by our selection criteria, budget, and space available in our facility. The Board of Directors will uphold the principle that censorship is largely an individual matter and declares that while anyone is free to reject for oneself books which do not meet with the individual's approval, one cannot exercise this right of censorship to restrict the freedom to read of others.

Library staff strives to utilize professional judgment and expertise in making collection development decisions, including decisions about choosing titles, identifying quantities for purchase, and selecting locations for materials. Anticipated demand, community interests, strengths and weaknesses of the existing collections, system-wide availability, physical space limitations, acquisitions procedures, and available budgets are all factors taken into consideration. Highest selection priority is given to those materials in all formats that have the broadest appeal. Selection of books or other library materials shall be made on the basis of their value of interest, information, accuracy of the information, comprehensiveness, and enduring significances. No book or library material shall be excluded purely because of race, nationality, or political or social views.

As outlined in the Library Bill of Rights, librarians have a responsibility to and are thoughtful in their efforts to add materials to the collection that express varied views and opinions, regardless of whether or not an individual librarian finds these materials personally acceptable. Some items in the library collection may be considered controversial and any given item may offend some patrons. Materials found in the library must not be construed as a personal endorsement of their contents by any member of the staff, the library board, or the city council. Materials added to the collection will not be inhibited by the possibility that books may inadvertently come into the possession of minors, but on the merits of the work in relation to the building of the collection and the interest of the community.

SELECTION PROCESS

Library staff in charge of collection development use a variety of resources to assist them in selection. These include:

- Professional journals (e.g. School Library Journal, Booklist, Publisher's Weekly, Kirkus)
- Popular media (e.g. People Magazine, Oprah's Book Club, Book Riot website)
- Best seller lists (e.g. New York Times, USA Today, Amazon)
- Vendor catalogs/selection lists (e.g. Baker & Taylor, Overdrive, Junior Library Guild, Scholastic)
- Award lists (e.g. National Book Awards, ALA Youth Media Awards, Pulitzers)
- Social reviewing sites (e.g. Goodreads, Common Sense Media, YouTube, TikTok)

OBJECTIVES OF SELECTION

In order to assure that the library is a place where information, ideas and resources are available to all patrons the following selection objectives are adopted:

- To provide materials that will enrich and support the personal needs of the users, taking into consideration their varied interests, abilities, and learning styles.
- To provide materials that will stimulate growth in knowledge appreciation, aesthetic values, and ethical standards in a pluralistic society;
- To provide a background of information which will enable patrons to make intelligent judgments in their daily lives;
- To provide materials on opposing sides of controversial issues so that no one viewpoint is unduly represented.
- To place principle above personal opinion and reason above prejudice in the selection of materials of the highest quality in order to assure a comprehensive media collection appropriate for the users.

CATALOGING AND SHELVING MATERIAL

Library staff make concerted efforts to catalog and shelve materials appropriately, by taking into account reading level, book reviews, advisories, etc. However diligent in-house efforts may be, it is possible that an item will be miscataloged and/or that library staff, volunteers or library patrons may misshelve materials. Satsuma Public Library respectfully reminds parents and guardians that they are solely responsible for what their children may read, access or check out.

Parents/guardians listed on a minor's library card account may access the child's library records (including history of borrowed materials) upon request, with valid photo identification.

GUIDELINES FOR EVALUATION AND SELECTION OF LIBRARY RESOURCES

- Reputation and qualifications of the creator(s), publisher(s), or producer(s)
- Community needs, interests, and demand
- Present and potential relevance to community needs
- Relevant to today's world, reflecting problems, aspirations, attitudes, and ideals of society
- Representative of differing viewpoints on controversial subjects
- Representative of diverse points of view
- Judgment of the work as a whole

TYPES OF MATERIALS NOT GENERALLY PURCHASED BY THE LIBRARY

- Textbooks or curriculum materials
- Workbooks or journals
- Collector's Editions

COLLECTION MAINTENANCE/WEEDING POLICY

Both print and non-print materials should be reviewed and evaluated at regular intervals to determine if they are to remain in the current collection. This final step in the selection process ensures the library collection will contain materials that are factual, undamaged, and in-demand. Staff members in charge of collections should consider space, budget, and user needs when deciding how much and how often to weed. Staff members also actively search for replacement items for dated materials.

Depending on condition, materials withdrawn from the collections may be offered for sale. Donations and other items not added to the collection may also be included in these sales. Damaged or factually inaccurate materials may be disposed of.

SUGGESTED CRITERIA FOR WEEDING

Record of use -the item has not circulated for an appropriate amount of time for its collection, generally 1-5 year.

Currency- the subject matter is out-of-date, factually inaccurate, or no longer relevant to current times.

Technical Quality- non-print materials with poor visuals, faded or off-color visuals; faulty or inferior sound reproductions.

Dispensability- duplicate copies no longer needed in the collection.

Physical Condition- the item is torn, soiled, or worn; pages or parts are missing.

Poor Purchases-materials purchased that were not quality items and/or items not appropriate.

Reliability- non-fiction item which contains factual information inconsistent with other sources.

Short-lived Topics- the item is faddish and no longer of interest.

Subject Areas- the information is not timely.

Dewey Decimal Balance- the item is unneeded to balance the collection.

Careful consideration should be practiced in weeding an item that:

- is a work of historical significance in the field of literature
- has unusual illustrations or the illustrations are by a well-known artist
- is a work by a local author or illustrator
- describes local history or personalities
- is a memorial gift

However, Satsuma Public Library is not an archive or research library and no items are kept indefinitely when they meet criteria for weeding.

Satsuma Public Library Reconsideration Policy

Satsuma Public Library supports the principles stated in the First Amendment of the Constitution of the United States as well as the principles documented in the Library Bill of Rights and the Freedom to Read Statement of the American Library Association.

Materials available in the library present a diversity of viewpoints, enabling citizens to make the informed choices necessary in a democracy. The library also selects a wide variety of library materials that satisfy the diverse interests of our community. The library upholds the right of the individual to access these resources, even though the content may be controversial, unorthodox, or unacceptable to some. The library's varied collection is available to all; however, it is not expected that all the collection will appeal to everyone.

Patrons who wish to request the withdrawal or reclassification of materials currently owned* by the library are encouraged to discuss their concerns with a library staff member, as outlined below in "Procedures for Handling Informal Complaints". If the patron is not satisfied with the response to their request, the staff will provide the patron with information to begin the formal reconsideration of the library resource. These procedures are outlined in "Procedures for Handling Formal Complaints — Director's Review" and "Procedures for Handling Formal Complaints — Reconsideration Committee's Review".

**This policy excludes books for sale or for free.*

Throughout this Reconsideration Process, beginning with the Informal Complaint to a staff member to the Reconsideration Committee's Review submitted to the library board, all parties representing Satsuma Public Library will adhere to the following_

GUIDING PRINCIPLES

- Libraries have diverse materials reflecting differing points of view, and a library's mission is to provide access to information to all users.
- All library users have a First Amendment right to read, view, and listen to library resources.
- The Library Bill of Rights and the Freedom to Read Statement of the American Library Association can be used as guiding documents.
- Any patron has the right to express concerns about library resources and expect to have the objection taken seriously.
- A questioned item will be considered in its entirety, not judged solely on excerpts.
- Parents or guardians have the right to guide the reading, viewing, and listening of their own children but must give the same right to other parents/guardians.
- Questioned items will remain in circulation during the reconsideration process.

PROCEDURES FOR HANDLING INFORMAL COMPLAINTS – LIBRARY STAFF

The process begins with a library staff member discussing the complaint with the patron who brings it to the front desk. During that interaction, the staff member will respectfully explain that the library has materials for everyone, and everything goes through a selection process or is purchased because of patron requests. The staff member should offer to assist the patron to find alternate materials that would better meet the needs and interests of the patron and/or their family members.

If the patron wishes to escalate the complaint, they shall be provided with the following materials — Satsuma Public Library Reconsideration Policy, Citizen's Request for Reconsideration of Materials, Collection Development Policy & Mission Statement, Library Bill of Rights, Freedom to Read Statement and The Miller Test. The staff member will then make the library supervisors and/or the Director aware of the nature of the patron's complaint.

PROCEDURES FOR HANDLING FORMAL COMPLAINTS – LIBRARY DIRECTOR

The following steps will be used when an individual feels that further action is necessary to address concerns about a library resource. For the duration of this process, the material in question will remain in circulation in the library collection.

- I. A concerned patron who is dissatisfied with earlier informal discussions will be offered a packet of materials, as explained above, and is expected to reference this packet while filling out the reconsideration form.
2. Patrons are required to complete, in full, and submit a reconsideration form **ADDENDUM 8** to the library Director, along with the book in question. Completed forms are permitted to be shared with the public, if requested, with all personal identifiable information redacted.
 - a. Complaints may be submitted by any Satsuma Public Library cardholder whose account is up to date and in good standing. All forms submitted by nonresidents will be dismissed.
 - b. Material in question must be read and/or viewed in its entirety to be considered for review. Any forms that indicate otherwise will be dismissed.
 - c. Any incomplete forms will be dismissed.
 - d. Forms, if applicable, should include supporting documentation of concern, including but not limited to professional reviews and citations.

3. Submissions are limited to three per year, per household. If more than one item is to be considered, a reconsideration form will need to be submitted for each item.
4. If multiple forms for the same book are received, those forms received during the review process will be applicable.
5. A formal submission/ruling on materials stands for a period of 5 years. During this 5 year period, any submitted reconsideration forms regarding previously reviewed items shall be dismissed.

The Director, following the above-mentioned Guiding Principles, will conduct a thorough review of all submitted reconsideration forms and corresponding materials. The director will consider and determine whether the material in question follows the criteria in the library's Collection Development policy. After this review has been completed, as soon as time allows, the library director will contact the patron to schedule a meeting, with a library staff witness present. This meeting will serve to inform the patron of the directors judgment of the material and status within the library collection. At this time, the director will endeavor to address any questions and/or concerns the patron may have regarding the library collection development policy.

PROCEDURES FOR HANDLING FORMAL COMPLAINTS -

RECONSIDERATION COMMITTEE'S REVIEW

6. If the patron is not satisfied with the Director's decision, a written appeal may be submitted within 10 business days to the Satsuma Public Library Board (5466 Old Highway 43 Satsuma, Alabama 36572). The library board will appoint a 3-person Reconsideration Committee for further review, during their next scheduled board meeting.
 - a. The Reconsideration Committee will be provided with the following resources to guide their review_
 - i. Library's Collection Development Policy
 - ii. Mission Statement
 - iii. Library Bill of Rights
 - iv. The Miller Test
 - v. Reconsideration Policy's Guiding Principles
 - b. Local citizens will be invited to serve on the Committee based on their qualifications and standing within the community. This includes (but is not limited to) individuals with professional experience in: education, law, counseling, public service, social work, library sciences, etc.

Committee members will remain anonymous to the public and will serve an initial 1-year term.

c. The Committee will be responsible for submitting a report of their recommendations with supporting documentation within 30 business days of assignment.

7. The board will not address an appeal on a specific material that has been reviewed within the last 5 years.

8. When the board addresses an appeal, they will do so at their next scheduled board meeting so long as the next meeting is not sooner than 10 business days.

9. The board will review the Reconsideration Committee's recommendation and vote on the request at the next regular scheduled Board meeting. The library director will notify the concerned person of the decision in writing and email within 3 business days.

10. **The decision of the board is final and stands for 5 years.**

Library Board meetings are public meetings but are not public hearings. Public comments are limited to 3 minutes per person.

Endorsement

This policy represents the official views of the Board of Directors of the Satsuma Public Library.

Citizen's Guide To U.S. Federal Law On Obscenity

The Miller Test

The U.S. Supreme Court established the test that judges and juries use to determine whether matter is obscene in three major cases: *Miller v. California*, 413 U.S. 15, 24-25 (1973); *Smith v. United States*, 431 U. S. 291, 300-02, 309 (1977); and *Pope v. Illinois*, 481

U.S. 497, 500-01 (1987). The three-pronged Miller test is as follows:

1. Whether the average person, applying contemporary adult community standards, finds that the matter, taken as a whole, appeals to prurient interests (i.e., an erotic, lascivious, abnormal, unhealthy, degrading, shameful, or morbid interest in nudity, sex, or excretion);
2. Whether the average person, applying contemporary adult community standards, finds that the matter depicts or describes sexual conduct in a patently offensive way (i.e., ultimate sexual acts, normal or perverted, actual or simulated, masturbation, excretory functions, lewd exhibition of the genitals, or sado-masochistic sexual abuse); and
3. Whether a reasonable person finds that the matter, taken as a whole, lacks serious literary, artistic, political, or scientific value.

Any material that satisfies this three-pronged test may be found obscene.

Satsuma Public Library Amendment 1

Satsuma Public Library Amendment 1:

Special considerations for materials, displays, and library sections designated for minors and borrowing privileges for minors.

Policy Statement

This policy document supplements and amends existing policies regarding selection, display, shelving location, and borrowing of library materials. When existing policy conflicts with this document, the policy contained herein supersedes and takes precedence over any previous policy.

Satsuma Public Library provides access to materials reflecting diverse interests, cultures, and perspectives. Special consideration is given to ensure materials selected for and made available to minors are age-appropriate and safe from exposure to content that is considered sexually explicit, obscene, or otherwise inappropriate for children or youth.

The library upholds the right of every individual to access information while respecting parental and community standards for safeguarding minors. To this end, Satsuma Public Library has implemented the policy measures required by the relevant authority in Ala. Admin. Code r. 520-2-2-.03(2)(f), parts (6), (11), and (12), (i),(j), and (k), and Ala. Admin. Code r. 520-2-2-.03(4). However, while the Satsuma Public Library has adopted all required policy measures regarding minors, it cannot act *in loco parentis* and defers to each parent or guardian's right and responsibility to supervise and guide their minor child's library use.

Non-Discrimination Statement

The Satsuma Public Library must not deny service to anyone on the basis of age, race, sex, or creed. Exercising discretion in the location of sexually explicit material or other material deemed by the public library board to be inappropriate for children or youth does not constitute a denial of service on the basis of age. Considering age when recommending, displaying, or otherwise actively promoting library materials does not constitute a denial of service on the basis of age.

Application and Purpose

Satsuma Library Policy Amendment 1 provides for the selection, management, recommendation, display, and promotion of materials with particular emphasis on protecting minors from materials deemed obscene, sexually explicit, or otherwise inappropriate.

- Prevents the purchase or other acquisition of any materials advertised for consumers under the age of 18 that contain obscenity, sexually explicit, or other material deemed inappropriate for children or youth.
- Ensures that library sections designated for minors under the age of 18 remain free of obscene, sexually explicit, or otherwise inappropriate content.
- Provides guidelines for advanced approval of any materials recommended, displayed, or actively promoted to minors.
- Allows minors to access age-appropriate materials about religion, history, biology, and human anatomy, which are subjects specifically exempted from restriction by Ala. Admin. Code r. 520-2-2-.03(2)(i) & (j).

Additionally, Satsuma Public Library Amendment 1 empowers parents and guardians to supervise and guide their minor child’s library use.

- Requires the parent/guardian to apply for borrowing privileges for their minor child.
- Requires signed parent/guardian approval before their minor child can borrow materials from the library’s adult sections.
- Affirms the right of parents/guardians to inspect the registration and circulation records pertaining to their minor children under Ala. Code § 41-8-10.

Definitions

Age-appropriate materials: Factual and non-explicit educational and informational content regarding religion, history, biology, or human anatomy.

Inappropriate content: Content that, in the judgement of the Library Board, violates community standards and is not otherwise included in the definitions of obscenity or sexually explicit material.

Minor child: Any individual under 18 subject to parent/guardian consent and protection.

Obscenity: Content that, in the judgment of the Library Board and community standards, violates moral or legal standards (under Ala. Code § 13A-12-200 et seq.) and is unsuitable for minors.

Sexually explicit material: Content that, in the judgment of the Library Board and community standards, depicts or describes sexual conduct or nudity and is unsuitable for minors.

Satsuma Public Library Policy Amendment 1

A. Materials Selection for Minors

Materials selected for minors must adhere to these guidelines, which safeguard minors from obscene, sexually explicit, or other inappropriate content.

1. Satsuma Public Library does not purchase or otherwise acquire any materials advertised for consumers under the age of 18 that contain obscenity, sexually explicit, or other material deemed inappropriate for children or youth.

2. Age-appropriate materials on religion, history, biology, or human anatomy are not restricted.
3. All materials intended for minors must be reviewed and approved by designated library staff. Designated library staff includes the Library Director, who remains primarily responsible for all material selections but may delegate day-to-day tasks to section or department heads or other qualified staff members, provided they have received training on the policy guidelines for materials selection.
4. Selection criteria are otherwise the same as for other sections.

B. Safeguarding Minors from Inappropriate Content

1. Minors must have parental or guardian consent to borrow items from sections designated for adults. A parent/guardian must provide written consent when applying for their minor child's library card. Consent is granted at application and is tied to the minor's library card (**Gradian Consent Form/Addendum 9**). Consent to borrow from adult collections may be withdrawn by providing written notice, at which time the minor's library card will be downgraded per their parent or guardian's instructions.
2. Parents/guardians withholding consent may borrow adult materials on behalf of their minor child using the parent/guardian's library card.
3. Library sections designated for minors will remain free of materials containing obscenity, sexually explicit content, or other materials deemed inappropriate by the Library Board.
4. Age-appropriate materials on religion, history, biology, or human anatomy are not restricted.
5. Age-appropriate recommendations, displays, or other promotions are allowed in sections for minors provided they are free of obscene, sexually explicit, or otherwise inappropriate content and have advanced approval under section D. of Satsuma Public Library Policy Amendment 1.
6. Any parent or legal guardian may inspect their minor child's circulation or registration records under Ala. Code § 41-8-10.

C. Physical Location, Relocation, and Removal of Obscene, Sexually Explicit, or Otherwise Inappropriate Materials

1. Satsuma Public Library restricts obscene, sexually explicit, or materials otherwise inappropriate for minors to adult sections of the library. Such materials will not be displayed, recommended, or promoted in areas designated for minors.
2. Citizens of Satsuma may, upon furnishing proof of residency, initiate a Request for Reconsideration of any library material by filling out the applicable form. Requests for Reconsideration are reviewed according to established criteria and procedures, guaranteeing transparency and fairness in decision-making and ensuring that every citizen has a voice in the process.

3. Materials that violate any section of this policy will be relocated to the appropriate section or removed from the collection at the discretion of the Library Board following a successful challenge.
4. Exercising discretion in the location of sexually explicit material or other material deemed by the public library board to be inappropriate for children or youth does not constitute a denial of service on the basis of age. Considering age when recommending, displaying, or otherwise actively promoting library materials does not constitute a denial of service on the basis of age. Minors may borrow materials from the adult section if a parent or guardian has consented under section B.1. of Satsuma Public Library Policy Amendment 1. Please see (**Gradian Consent Form/Addendum 9**).

D. Advance Approval of Materials Recommended, Displayed, or Actively Promoted to Minors

1. Library staff will ensure that all materials recommended, displayed, or promoted to minors adhere to guidelines regarding age-appropriate content. No adult materials will be displayed or promoted in sections designated for minors. No materials advertised for consumers under 18 containing obscenity, sexually explicit, or content otherwise inappropriate for minors will be displayed or promoted in sections designated for minors.
2. Materials recommendations, made individually and in the form of reader advisory, must align with the borrowing privileges parents/guardians have consented to for their minor child. Therefore, materials designated for adults may be recommended to minor patrons provided they have the requisite borrowing privileges, as indicated by their signed parental/guardian consent.
3. Materials selected for and shelved in sections designated for minors under sections A and B of Satsuma Public Library Policy Amendment 1 are considered to have advanced approval under this section.

Satsuma Public Library Amendment 2

Satsuma Public Library Policy Amendment 2: Policy on Expenditures of Public Funds to the American Library Association

Admin Code r. 520-2-2-.03(8), Satsuma Public Library must approve the expenditure of public funds to the American Library Association in an open, public meeting following advance public notice. Satsuma Public Library is committed to transparency with regards to public funds received and expended and thus adopts the following policy.

A. Expenditures of Public Funds to the American Library Association

1. Any expenditure of public funds to the American Library Association must be approved by the governing board of the public library or public library system in an open, public meeting following advance public notice.

The American Library Association affirms that all libraries are forums for information and ideas, and that the following basic policies should guide their services.

I. Books and other library resources should be provided for the interest, information, and enlightenment of all people of the community the library serves. Materials should not be excluded because of the origin, background, or views of those contributing to their creation.

II. Libraries should provide materials and information presenting all points of view on current and historical issues. Materials should not be proscribed or removed because of partisan or doctrinal disapproval.

III. Libraries should challenge censorship in the fulfillment of their responsibility to provide information and enlightenment.

IV. Libraries should cooperate with all persons and groups concerned with resisting abridgment of free expression and free access to ideas.

V. A person's right to use a library should not be denied or abridged because of origin, age, background, or views.

VI. Libraries which make exhibit spaces and meeting rooms available to the public they serve should make such facilities available on an equitable basis, regardless of the beliefs or affiliations of individuals or groups requesting their use.

VII. All people, regardless of origin, age, background, or views, possess a right to privacy and confidentiality in their library use. Libraries should advocate for, educate about, and protect people's privacy, safeguarding all library use data, including personally identifiable information.
